

EURHOBOP project Minutes

Teleconference 15-09-2010

Minutes

Participants:

Ana Azevedo (FMUP)
Antti Malmivaara (THL)
Inge Kirschberger (HMGU)
Isaac Subirana (IMAS-IMIM)
Jaume Marrugat (IMAS-IMIM)
Joan Vila (IMAS-IMIM)
Marina Torre (ISS)
Pascal Garel (HOPE)
Ursula Kirchmayer (DEASL)
Roberto Elosua (IMAS-IMIM)
Yolanda Ferrer (IMAS-IMIM)

Apologize for absence:

Jean Ferrières (AEPMCV)
Dimitrios Farmakis (HCS-ATTIKON)

1) Minutes of the last teleconference held in June 22nd 2010

Approved with some amendments. The final version is attached to this document.

2) Recruitment status. Modification in the recipients list sent every Friday.

The recruitment status goes very well. We decided in the coordinating center to extend it to all PIs and data extractors so that they can see their work reflected in it and also the other colleagues' work.

3) Invitation to European Hospitals to become affiliated collaborating partner & implementation on the web site (PGarel, MTorre, APaladin & JMarrugat)

Marina Torre and Andrea Paladin will make modifications on the website and will send it to partners with the procedures for the Affiliated Collaborating Partners. Pascal Garel has already started his contacts. He suggests that, when partners contact other hospitals than the 70 associated hospitals, they should let him know to prevent duplication of efforts, and to achieve a better dissemination of the study. He will, at the same time, keep partners informed on his movements with hospitals in Europe.

J Marrugat has already contacted Hospital Vall d'Hebró in Barcelona, which has accepted to participate.

During the meeting in Athens we will make a formal presentation on the system and how we will proceed with Affiliated Collaborating Partners, as well as changing the delay between proposal submission and credentials shipment from 10 to 40 days in all documents that require it.

M Torre notes that we need to remove “aggregated data” from the slide attached to the minutes as a way to become Affiliated Collaborating Partners.

M Torre will send a new corrected text for the slides of the Minutes.

M Torre will need the complete list of the 70 associated hospitals. The General Hospital of Volos in Greece was previously included but has rejected its participation. D Farmakis has confirmed that he already knew this situation and that this hospital will be substituted by another one.

Antti Malmivaara will contact Oulu University Hospital and North Carelia Central Hospital to ask them to send the form.

The updated list of hospitals will be attached to these minutes.

4) Work package report by WP leaders & and first annual scientific report

There have been little reception of comments but there is still time till September 30th. This will be discussed during our work in Athens.

JMarrugat needs just a simple and clear explanation on what has been done.

5) Athens 1st annual October 6-7 meeting work in progress. Please note a minor change in the agenda.

The agenda for this meeting is commented.

There is one more point about Intellectual Property Rights, added by the Coordinator.

M Torre has already announced the meeting in the website and will do so with the agenda.

LIST OF ASSOCIATED HOSPITALS (updated 15.07.2010)

Progr. number	hospitals	name of contact person	e-mail
Spain			
1	Hospital del Mar	Jorge Bruquera Cortada	jbruquera@hospitaldelmar.cat
